

A WARM WELCOME

GENERAL MANAGER, KEVIN SHIELDS

Owners, It surely has been a different environment to operate the property in over the past few months and we are taking every precaution to protect the owners, guests and grand performers on property. The county has instituted mandatory masks in common areas and we have placed hand sanitization stations throughout the property and modified our operations to eliminate the opportunity of contamination. It is great to see many of you visiting the mountains so please come up and naturally social distance on a hike or bike ride. The weather has been beautiful!
